About Me

I'm seeking a position where I can further develop as a quantity surveyor while gaining valuable hands-on experience overseeing all facets of construction projects, ensuring seamless operations throughout. Proficient in addressing construction site challenges, I'm driven to bridge the gap between theoretical knowledge and practical application, eager to contribute my academic background to real-world scenarios.

Experience

Oriental Max Sdn Bhd 2024

Internship Trainee

A final-year student of the Bachelor Degree of Quantity Surveying that have to carry out industrial training that aligns with the course. Assisted with cost estimation, make sure construction projects go well from start to finish, manage orders and deliveries of construction materials, and make sure everything meets quality standards, schedules handling, solve problems, and communicate with everyone involved. Plus, I keep detailed records of how things are going. Participated in site meeting & site valuation, prepared progress claim, and collaborated with different teams.

Universiti Teknologi MARA (UiTM) Perak
